## THE 1894 STRIKE!

Railroad Employees Should Read and then Act Wisely.

Affidavits Showing Mr. Ferguson's Stand in the Cases.

Citizen Defended the Employees Without Pay or Consideration.

**VOTE FOR YOUR FRIEND.**

herewith are published the official records of the railroad cases, growing out of the railroad strike in July, 1894, in New Mexico, and in which H. B. Ferguson was the paid attorney for the government and for the prosecution of strikers, and F. B. Catron was attorney for defendants in the Santa Fe district court case, which were paid and without fees, and simply because he believed that the men charged with contempt of court were not guilty, and because he is a friend of the working men.

Unions are stronger than words and less strong than palaver.

Progress now goes toward the nationizing of railroad men's votes, making no promises and posing as the soul of the railroad man. In 1894, for instance, he did the very best he could to get them to the penitentiary, have them use their places and inflict all sorts of punishment on them.

The court results are meager, but they show he acted as a wise man at those occasions.

From the official record, observe, however, the officials are friendly to Ferguson, but plain enough to show that he assisted and did all he could against classes of men in nowarks for votes, so that he acted as a wise man in his hour of need, did the best he could have done against them, and inflicted the most punishment the courts would inflict and the easiest penalty it was possible to obtain.

The court results are meager, but they show he acted as a wise man at those occasions.

Upon the convention reassembling, the committee reported as candidates for the various county offices, the following:

County Commissioners: A. H. Jones, R. E. Clegg and Phil. Parker.

Chief Justice: J. J. Chaves.

Probate Judge: Francisco Aramburu.

Probate Clerk: Mariano Aramburu.

Treasurer: J. W. Mason.

Superintendent of Schools: Felipe Chacon.

Coroner: J. J. Chaves.

County Commissioners: Carlos Aramburu, Jose Cuartero and Pablo Dominguez.

The report of the committee on motion was then duly received and filed.

Carthiis in Kentucky.

Lexington, Ky., Oct. 30.—The last of Carthiis' speeches in Kentucky was made here this afternoon to an enthusiastic audience. He will leave for Washington to-morrow.

Carthiis said today that his visit to Kentucky confirmed his previously expressed opinion that Bryan would be beaten.

A motion was then made that the convention endorse the candidacy of W. E. Dame for delegate to congress, and adopt as the device of the county ticket, as the device of the state ticket, the motto:

"A new day is dawning."

The county central committee, as heretofore constituted, was continued, and they are given full power to see to the printing of tickets and advancing the interests of the ticket as nominated on election day. The county central committee was also instructed to prepare and issue an address to the voters of Bernardo county.

The convention then adjourned.

**The Black Creek Company.**

That gorgeous spectacle, Tompkins' Black Creek, still preserves its perennial freshness, and this season promises to exceed all previous efforts.

Its appearance at Grant's opera house is calculated to astonish each and every patron of first class spectacular production.

Its prettily successful run of over two hundred houses at the Academy of Music in New York, one half year at the Boston theatre and at McVicker's theatre, Chicago, during the "Columbian exposition," is a sufficient guarantee of its sterling excellence, if success is a guarantee of true worth.

Its magnificent ballets will be one of its striking features. New and elaborate scenes especially constructed, and a varied innovation will be the introduction of a magnificent electrical effect, employing hundreds of variegated incandescent lights in the grand Amazonian March, wherein the burnished armor will glow with dazzling splendor and brilliancy.

The introduction of many clever specimens will serve to heighten the spectacle, which may be mentioned as the Red ribbon, Rixford Brothers, from the Bronx, Bergers, the Blue Diamond Marionettes, the New Ballet International, the up-to-date Trilly Ballet, and McLeekie and McLeekie, the renowned banisseuses, in the Grand Ballet of Gems. The aggregation of 300 people, employed in this spectacle, travel in their own special train of five cars, and the management guarantees a duplicate, in every detail, of this great production, coincident with the famous success in New York and Boston.

J. J. Alspach, the sheep dip man, came in from the north this morning.

## MONEY MARKET!

**Looks Much Like a Panic in New York.**

**Carlisle Closes His Series of Speeches in Kentucky.**

**An Innocent Man Was Hanged in Chicago for Murder.**

**WRECK OF A SCHOONER.**

New York, Oct. 30.—There was a notable absence of excitement in Wall street at the opening to-day, considering the extreme stringency of money yesterday. Higher London quotations, scarcity of stocks offering in the local market, and rumors of imminent relief measures to be taken by the banks caused a confident sentiment. The only loan reported up to 11 a. m. was \$100,000 at 6 per cent.

It is understood that an informal agreement has been reached by the presidents of six or seven banks to pool their issues. In the event of money reaching what is considered a prohibitive figure to-day, or upon any indications of distress in the street in mercantile circles, they will draw upon their reserve to as large an extent as necessary. It is rumored that the banks are prepared to put out five to ten millions of dollars.

This is evidently an all round republi-

can year and shows that the people have been thinking for themselves, and have arrived at the correct conclusion that the republican party is the proper one for them to be in, and they are right.

**SIXTH DEMOCRATS.**

Sound Money Democrats, Park County Ticket in the Field.

In pursuance of the call for the national democratic county convention to be held this morning in the Midler building on South Second street, many of the old democrats long in the service of the party assembled and the hall was filled, being a mass convention, and about seventy-five participating in the proceedings.

J. C. Marshall, as chairman of the county central committee, called the meeting to order, and on motion he was made permanent chairman of the convention, and E. L. Miller was selected as secretary of the convention. Francisco Armijo y Vizcarra was chosen as vice president, and in thanking the convention for the honor conferred upon him he addressed the convention in the Spanish language, reviewing the history of the party in the past in bernardino county.

A committee consisting of W. G. Headcock, Francisco Armijo y Vizcarra, Pablo Dominguez, A. H. Jones and Mariano Aramburu, on motion, was appointed by the chair to select a list of candidates for county offices, and the convention then took a short recess to allow the committee to consider its report.

Upon the convention reassembling, the committee reported as candidates for the various county offices, the following:

County Commissioners: Carlos Aramburu, Jose Cuartero and Pablo Dominguez.

The report of the committee on motion was then duly received and filed.

Carthiis in Kentucky.

Chicago, Oct. 30.—July. Marlowe was hanged at noon for the murder of Carey Birch.

Birch wrote a letter yesterday in which he stated that Joseph Wm. Windham, his companion in crime, who was executed June 5, was not guilty, claiming he had the shooting himself. On the scaffold he reiterated the charge made some time ago, that Judge Horton led him to believe that he would escape capital punishment if he confessed, thus giving him no chance for life in the trial.

The following are fair samples of the papers.

**ELECTION.**

The coming election will be the most interesting one that there has been for decades, decided the great question of freedom of gold for gold.

The two prominent nominees for president this year are Wm. L. Bryan, from Nebraska, for silver, and Mr. McKinley, from Ohio, for gold.

Bryan is the youngest man ever nominated for president. If he were two years younger he could not be president because he is 35 and he is 36. I think Bryan is the best man because he is for silver and will pass a silver bill if he is elected.

At noon today that his visit to Kentucky confirmed his previously expressed opinion that Bryan would be beaten.

**POST OFFICES ROBBED.**

London, Oct. 30.—A correspondent of the daily chronicle cables that in the course of a frank conversation Chairman Jones of the democratic national committee, when shown a London dispatch in which he is quoted as having admitted the defeat of Bryan in Illinois, said "I never heard of Bryan being a gold bug. All good Americans are gold bugs. If you are a gold bug you will vote for gold, and if you are a silver bug you will vote for silver. All the men are good but like McKinley the best. I hope you like him as well as I do."

When the papers were finished, each member of the white metal asserted that the success of McKinley would result in making the rich man richer than a stanch young sound-money advocate is on his feet and with flashing eyes demanding to know "How the rich men can be made richer and the poor men become richer too?" One little man with a very level head, sagely remarked, that after the election of Bryan, and gets the fewest votes, and McKinley the most, it is evident that Bryan could win without carrying that state, but we fully expect to carry it."
